## **The Institute of Employment Rights & The Haldane Society**

This second 'In Conversation' is a result of what we all hope will become an annual collaboration between The Institute of Employment Rights, The Haldane Society of Socialist Lawyers, and the TUC.

2011 is an important anniversary year for the trade union movement as it marks 100 years since the 1911 Transport Workers strike; 50 years since the Council of Europe's Social Charter; and 10 years since the Friction Dynamics Strike. Set in this context, the topic of '*Conversation*' for 2011 will be trade union rights: where they are now, and where we want them to be in future.
